PROTOCOL OF THE ETERNAL REVENANT1CP

Awakened Dynasty

When: Any phase, when your Necrons Infantry Character is destroyed.

Target: That destroyed model; once per model per battle.

Effect: End of that phase, return it near where destroyed, outside Engagement Range, at half wounds. It returns as its own one-model unit.

PROTOCOL OF THE UNDYING LEGIONS1CP

Awakened Dynasty

When: Your opponent's Shooting phase or the Fight phase, after an enemy resolves attacks.

Target: One Necrons unit that lost one or more models to those attacks.

Effect: Activate Reanimation Protocols and reanimate D3 wounds, or D3+1 if led by a Necrons Character. Other applicable Reanimation rules apply.

PROTOCOL OF THE HUNGRY VOID1CP

Awakened Dynasty

When: The Fight phase.

Target: One Necrons unit not yet selected to fight.

Effect: Until the end of the Fight phase, +1 Strength to melee weapons; if led by a Necrons Character, also improve melee AP by 1 (not cumulative with other AP improvements).

PROTOCOL OF THE SUDDEN STORM1CP

Awakened Dynasty

When: Your Movement phase.

Target: One Necrons unit.

Effect: Until turn end, its ranged weapons gain Assault. If led by a Necrons Character, re-roll Advance rolls until the end of your Movement phase.

PROTOCOL OF THE CONQUERING TYRANT1CP

Awakened Dynasty

When: Your Shooting phase.

Target: One Necrons unit not yet selected to shoot.

Effect: Until the end of your Shooting phase, against targets within half range, re-roll Hit rolls of 1; if led by a Necrons Character, re-roll all Hits instead.

PROTOCOL OF THE VENGEFUL STARS2CP

Awakened Dynasty

When: Your opponent's Shooting phase, after an enemy destroys a Necrons unit.

Target: One Necrons Character unit that was within 6" of the destroyed unit.

Effect: After the attacker finishes, your unit shoots as if your Shooting phase, only into that enemy and only if eligible.

ARMY RULE

Reanimation Protocols: At the end of your Command phase, each friendly unit with this ability that is on the battlefield activates its Reanimation Protocols. When a unit's protocols activate, that unit heals D3 wounds.

Reanimator aura adds D3. It also applies when Undying Legions activates the protocols.

AURA POSITIONING

- Nekrosor 3": another Destroyer Cult unit switches on his Lone Operative.
- Nekrosor 6": Destroyer Cult units gain Sustained Hits 1; other eligible Necrons gain it only into their closest eligible target.
- Nekrosor 6": Nullstone grants FNP 5+ against mortal wounds and Psychic Attacks.
- Reanimator 3": units heal an additional D3 whenever protocols activate.
- Technomancer 6": one model heals D3 at the end of your Movement phase.

PHASE REMINDERS

Before first turn

- Deploy Flayed Ones forward in your blue zone as a screen.
- Pair each Technomancer with one Wraith unit; Lord leads Skorpekhs.

Your Command phase

- Trigger Reanimation Protocols; each eligible unit heals D3 wounds.
- Track Reanimator 3" aura before rolling.

Your Movement phase

- Technomancers each heal D3 at the end of your Movement phase.
- Wraith Form after moving over an enemy.
- Use Veil at opponent turn end; the unit must ingress during your next Movement phase and can use Deep Strike more than 8" from enemies.

Your Shooting phase

- Void Dragon Matter Absorption before selecting units to shoot.
- Lokhust re-rolls depend on closest target / enemy objective.
- Nekrosor pistols already have Sustained Hits 2; do not add Sustained Hits 1.

Your Charge phase / the Fight phase

- Skorpekhs Lord's Crimson Harvest after his Charge move.
- Charged Skorpekhs re-roll all melee Hits; otherwise re-roll 1s.
- Nightbringer Drain Life at the end of the Fight phase.

DEPLOYMENT + TURN 1 MOVEMENT PLAN

Solid tags are deployment; dashed tags are turn 1 destinations. Every unit starts in the blue zone.

OPPONENT RED ZONE - NO DEPLOYMENT MARKERS
